WORK EXPERIENCE

UI/UX Designer
May 2025 - Jan 2026

Opentutor Design School, Kannur | Freelance

- Led UI/UX projects across mobile apps, e-commerce platforms, and landing pages
- Conducted user research, competitor analysis, persona creation, and user journey mapping to define product strategy.
- Developed high-fidelity prototypes and responsive layouts using Figma, ensuring consistency through scalable design systems.
- Collaborated with developers to translate design specifications into functional interfaces.
- Refined user flow clarity and reduced usability friction through iterative testing and feedback implementation.
- Contributed to brand identity systems including logo design, visual guidelines, and digital marketing creatives.

Key Projects:

- Bus Hunt (Booking App): Optimized booking flow, reducing steps by 25%.
- Terrapod (E-commerce Website): Enhanced checkout UX structure, enhancing clarity and reducing confusion points.
- Student Dashboard (SaaS): Remodeled layout hierarchy improving data readability.
- Nidra (Wellness App): Development onboarding experience improving user engagement flow.
- Blog Platform (React App): Created and implemented responsive frontend interface.
- Orvento (Event Landing Page),Weather Forecast Web App, Boutique Landing Page.

Operations Executive
Mar 2023 - May 2025

Maxco-NRI Innovative Property Management | Remote

- Managed structured digital documentation systems improving operational workflow efficiency by approximately 40%.
- Streamlined reporting workflows reducing manual coordination time.
- Organized data systems improving internal process clarity and team productivity.
- Supported remote stakeholder communication across multiple teams.
